Canada: CSA for Class I, Groups A, B, C, & D; Class II Groups G and Coal Dust; Class III

Europe: CENELEC - LCIE SYST 94.C 6035 X

LAY-FLAT (PCA) HOSE FOR COOLING AND HEATING

An air conditioning duct that is easy to store, flexible and adjustable (wireless construction allows for reel or folded storage). Our Flat Duct is insulated and constructed in a manner that allows a 25' duct to become any length you desire in just seconds. The length is up to you. Zippers and velcro are included on each end to permit easy coupling of additional sections. Even though our hose has no wire reinforcement, it does have abrasive resistant wear strips that are sewn on to reduce wear caused by dragging across abrasive surfaces.

- **Temperature Range:** -40° F to +250° F
- **Inside Diameter:** 12" and 14"
- **Color:** Duct - Yellow / Weatherstrip - Black
- **Length:** 25' standard - other sizes available

ADDITIONAL PRODUCTS AVAILABLE: CONSUMABLES

Adhesives • Coatings & Primers • Greases • Oil and Hydraulic Fluids
Chemicals • Composites • Lubricants/Fluids • Wire & Cable
Solvents • Cleaners • And much, much more!
